Potential Tax Consequences/Implications

- Individuals may not be “tax dependent” per the IRS
- ISU will impute the income and you are taxed on added value of coverage

Duplicate Coverage – State of Iowa

If your spouse/partner/dependent child is also a State of Iowa employee:

You and dependents cannot be covered under two plans provided by the State of Iowa.

Example #1: A DOT employee can't have family coverage at the DOT and also be covered as a dependent on your medical and dental insurance plans at ISU and vice versa.

Example #2: An ISU employee can't be covered under their own ISU plan and also as a dependent on another (such as parent's/spouse's) ISU plan.

Double Spouse Options – Medical & Dental

Share A Family Contract on ISU Plan

- Who can share:
 - Faculty
 - Professional & Scientific
 - Merit
 - Pre/Post Doctoral Associates
- Two ISU employees with children to insure can share a family contract.
- One employee will be the contract holder.
- Only applies to a family plan. If children come off the plan, the double spouse option must end.

Coordination of Benefits

- If your spouse/partner has coverage with another employer's plan, there may be:
 - Coordination of medical and dental plans
 - ISU Plan does not allow prescription plan coordination with Express Scripts (choice of member)
- Coordination of benefit rules applied:
 - Employer's plan coverage is primary for the employee.
 - Insured dependent children: the primary coverage is determined by earliest date of birth of both contract holders.

Medical Insurance Plans

- Administered by Wellmark Blue Cross/Blue Shield
- Two Plan Designs:

Medical Plan Terminology

Deductible: Expenses you pay before the plan starts paying. What is paid toward the deductible also applies to the Out-of-Pocket Maximum.

Copay: Flat dollar for provider visits. **When a copay is listed, the employee will pay one copay per visit which will be inclusive of that visit.**

Note: All services with copays are not subject to the deductible.

Coinsurance: Percentage of cost for all other medical services including in patient and out-patient expenses

Medical Out-of-Pocket Maximum (OPM): The most you pay in a calendar year.

- This maximum is designed to protect you from catastrophic medical costs.
-

Preventive Care: Preventive services are defined under Section 2713 of the ACA as immunizations, screenings, and other services that are listed as recommended by the United States Preventive Services Task Force (USPSTF), the Health Resources Services Administration (HRSA), or the federal Centers for Disease Control (CDC). Examples of preventive services: annual physical, mammogram, pap smear, colonoscopy.
